

2025

In Numbers

11,088 students across all of
our network schools

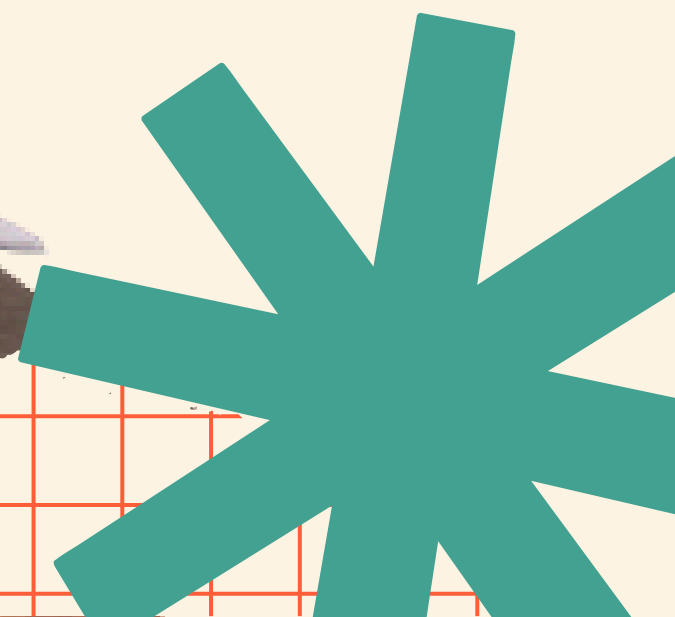

In Kvao clusters, **134 classroom teachers** were trained, with **40 teachers** specifically trained as technical grade leaders and mentor teachers

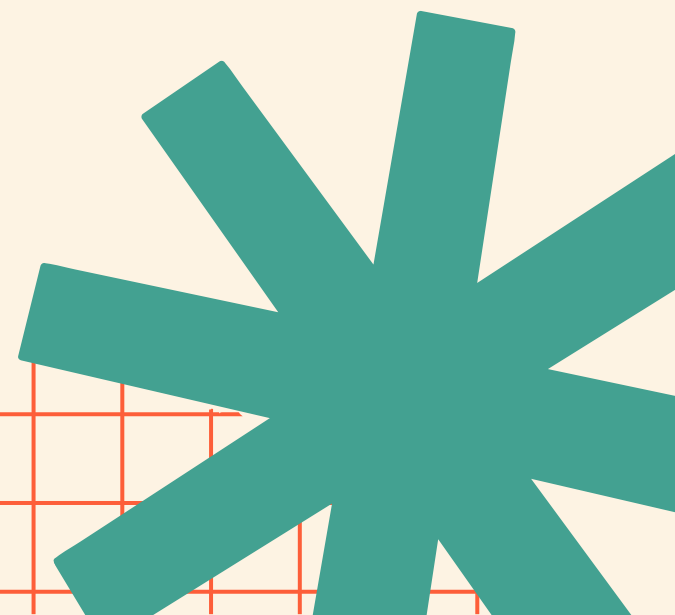

Our school network has
grown to **36 schools**,
including the
successful completion
of a three-year support
for the **15 schools** in
the Kvao cluster

Over **2 million** nutritious meals are provided each year, helping students stay focused, engaged, and ready to learn in the classroom.

Since six months old, Rithy Lymenghong has been nourished through our **Food For Thought Program**. Now six and thriving, he represents the lifelong impact of consistent healthy meals.

In 2025 we educated **7,222 girls**

Girls Matter! Keeps more girls in school, building confidence, safety, and opportunity. **Srey Nich's** journey from CFC student to teacher shows how educating girls strengthens entire communities.

7,000 students using clean water

Dengue Fever education sessions reaching **250 parents** and **393 children** to emphasize prevention and self-care

Typhoid Fever and Children's Needs health education sessions delivered to **189 parents, 103 children**, and an additional **219 parents** via home visits by our assistants

5,009 children accessed mobile libraries & **3,185 storybooks** were accessed. For many of these preschoolers, each book opened is more than a story - it is the beginning of curiosity, confidence, and hope in the future.

594 students have gone through the
ICT/STEM labs since opening in August 2025

There are currently **3500 female students** in technology

There were **173**
scheduled **volunteer**
trips to CFC schools
