About Caring for Cambodia & Our Trips

Every year, nearly 1,000 volunteers travel to CFC schools to see the difference we make in the lives of children. Staff and volunteer trip coordinators work hand in hand to build itineraries and match each group with a "most-needed" project, all while ensuring that our students and communities are respected and protected.

Caring for Cambodia (CFC) is educating a generation of Cambodian children today, to make a difference for Cambodia's tomorrow. We train teachers, provide tools, and remove barriers to learning while building Cambodian leadership to guide and sustain these schools. We educate more than 6,800 students annually in 21 schools while serving as the model for schools across all of Cambodia.

Volunteer Opportunities

Food for Thought

Serve breakfast to our students and tour a school while learning more about our programs from CFC staff.

Campus Improvement Project

CFC has a long list of campus improvement projects to better our students' quality of learning. Let us match you with a project that fits your goals to serve. Before your trip, your group will work to raise the funds for your project, then travel to Cambodia to see it through!

Classroom Experience

In the classroom, you'll be able to use your skills to help our students and/or teachers. Don't think you have a specific skill to offer? You'd be amazed at what a help you can be and the fun you'll have assisting our English as a Second Language program.

Why Volunteer?

When you donate your time and talent to Caring for Cambodia, you help us stretch our resources even further. We can't accomplish these projects without the help of volunteers like yourself. By visiting a CFC campus, you improve quality of life for our students and expose them to new cultures and ideas.

We frequently hear from trip participants they feel they take even more than they have given. The act of giving is both selfless and self-fulfilling as you see firsthand the difference you make in the life of a child.

"The best way to find yourself, is to lose yourself in the service of others." —Mahatma Gandhi

Sample Itinerary

Volunteer opportunities range from 1 to 7 days, so contact volunteers@caringsforcambodia.org to set up an itinerary that works for you! Here's an example of how you'll spend your days helping CFC and exploring the beauty of Cambodia:

DAY 1: ARRIVE IN SIEM REAP

Upon your arrival in Siem Reap, CFC will get you safely to the hotel of your choice. Depending when you arrive you can choose to visit a market or grab something to eat. We have plenty of suggestions!

DAY 2: VISIT THE SCHOOLS

Set your alarm to rise with the sun and spend an amazing morning serving breakfast to kids and families at one of our schools. This is a great opportunity to interact with our students and see how they rely on our Food For Thought program. With their bellies (and your heart) full, it's time to tour the school with a CFC staff member before returning to your hotel shortly before lunchtime.

DAY 3: WORK PROJECT

Tackling a project at the school? You'll start early to beat the heat and work with the guidance of our staff before returning to the hotel for lunch and a shower.

Once refreshed, it's back to the project site! We'll make sure you can clean up before everything your evening holds. Fancy a cooking class? A stroll through the markets? We can help with recommendations.

DAY 4: WORK PROJECT

Following breakfast at the hotel, it's back to the school to continue your project. Once again, you'll return to the hotel for lunch and perhaps a cooling dip in the pool. Depending on the length of your project, you can return to work or tour Siem Reap. In the evening, kick back with a cool drink or catch a performance of the amazing Phare Circus!

DAY 5: TEMPLE TOUR

In addition to our amazing schools, you simply can't leave Siem Reap without touring its temples. Choose to start with a magical sunrise over Angkor Wat or sleep in a bit and take a daylong guided tour of Angkor Wat, Bayon, Ta Prohm, Angkor Thom and more!
